ROGERS MEMORIAL HOSPITAL FOUNDATION OFFERS CHILD CENTER SCHOLARSHIP

34700 Valley Road
Oconomowoc, WI 53066
P: 262.646.4411
F: 262.646.3158

Town of Summit, Wisc. – The Rogers Memorial Hospital Foundation has the great fortune to offer the client of an educational consultant a scholarship for treatment at The Child Center. On May 30, 2008, The Rogers Memorial Foundation will select a scholarship for the average length of stay (about 45-days) to The Child Center based on our desire to help a child who might otherwise not have the opportunity to receive quality, intensive treatment.

Who is eligible?

The ideal candidate:

- Is between eight and 13 years old and meets The Child Center's mental health criteria.
- Is otherwise medically stable, and free of communicable diseases.
- Should present with a mental health diagnosis that would not require a behavioral specialist and should show a history of a less intensive level care.
- Is able and willing to travel to Rogers Memorial Hospital in Oconomowoc, Wisc.
- Possesses insurance and resources for medical issues, labs, pharmacy, and other medical needs.
- Must be medically stable, current in immunizations and dental, have been seen within 90 days by a family physician and possess a cognitive ability to participate in treatment.

The family and the candidate should be open to discussing treatment at The Child Center.

To apply, please contact, Jessica Morrison, community outreach representative, at (800) 767-4411 ext. 1351. or send her an email at jmorrison@rogershospital.org. You can also visit www.rogershospital.org/scholarship on the World Wide Web for more information and to download an application.

Rogers Memorial Hospital is a nonprofit behavioral healthcare provider for children, adolescents, adults and older adults. The hospital is nationally recognized for its residential treatment centers including the Eating Disorder Center, Obsessive-Compulsive Disorder Center, The Child Center and the Child and Adolescent Center. Rogers Memorial also provides residential treatment services for chemical dependency and co-occurring OCD and other anxiety disorders. Inpatient and partial hospitalization services are also available. Rogers Memorial is licensed as a psychiatric hospital by the State of Wisconsin and accredited by the Joint Commission. It offers treatment programs at four Wisconsin locations: Oconomowoc, Milwaukee, Kenosha and Brown Deer.
